Kelly Stab-a Load

44 van der Bijl Str
Alrode South

Att: Roly Tilman / Dean Le Roux

Dear sirs

RE : KELLY DOCK LEVELLER – 56 Commando Road , Industria.

Just a short note to yourselves regarding the dock leveller and loading dock recently commissioned by yourselves at our Industria premises.

I would like to commend Kelly Stab-a Load on a job well done. We are extremely satisfied with the result of your efforts.

The unit performs as well as you said it would, we have been able to reduce offloading times of containers from 4-5 hours to under 30 minutes. We also only need 1 forklift driver now, were in the past we used 5 storemen and a forklift driver

Coupled with the above , the whole operation is much safer than the method we used previously.

I would recommend yourselves and your product, which in my opinion is the best available, without hesitation.

Please feel free to use my name as a reference if you so wish.

Yours sincerely

Desmond Roome
Logistics Manager
